## Moundsville Penitentiary

WILL FEEL EFFECT OF PASSAGE OF THE HUNT BILL BY CONGRESS.

The passage of the Hunt bill by Congress will be a blow to the several manufacturers who employ prison labor in the Moundsville penitentiary. Clothing, whips, brooms and other articles made in the pen are shipped to all parts of the country, but the enactment of the Hunt bill will mean

that these goods can be sold only in West Virginia.

It prevents the managers of the penitentiaries from engaging in interstate traffic in goods produced within the penitentiary walls. This inhibition obtains also against the products of workhouses and other penal institutions. Hereafter all such goods will have to be disposed of within the limits of the State in which they are manufactured. The bill was passed in the House of Representatives by a practically unanimous vote, has been urged for some time by the American Pederation of Labor .- Parkersburg Sentinel.
